

GYMFLEX 20mm & 40mm RUBBER TILES

PRODUCT DESCRIPTION

Gymflex Rubber 20 & 40mm are a low height interlocking rubber tile that are easy to install, whilst being tough and resilient for multiple applications. This unique two piece construction has a durable recycled rubber top with a foam backing for anti-fatigue purposes. This offers enhanced shock absorption, and much better comfort underfoot.

20mm Rubber Tile

40mm Rubber Tile
