

GYMFLEX®

PRODUCT OVERVIEW

GYMFLEX PLAY

Gymflex play is a unique Vinyl sports floor with excellent surface resilience, offering either Area Elastic or Combined Elastic properties, and conforms to the highest standard, BSEN14904 Part A4 or C4. The floor is carefully levelled and calibrated using the unique New Era Sports cradle and flexjoist system with T&G Plywood, ensuring the highest standards are met. The Combined Elastic system is installed as 98% adhesive-free, therefore eco-friendly, and can easily have the surface replaced without affecting the New Era Area Elastic Substrate.
